Our Mission

Crowd for Angels is an FCA authorised and regulated crowdfunding platform that funds companies through the issue of shares, crowd bonds and digitalised assets to investors.

Today, we welcome over 32,000 'Angels' on our platform who regularly invest, participate and support great companies.

Our name mirrors our vision and we look forward to welcoming you as part of Crowd for Angels.

"Although it's easy to forget sometimes, a share is not a lottery ticket... it's part ownership of a business"

Peter Lynch

For Investors

Discover investment opportunities, build a diverse portfolio, support companies you believe in and share in their success. At Crowd for Angels you can invest from as little as £25.

Our investment opportunities offer tax efficient returns by utilising SEIS/EIS tax relief for share investments and our Innovative Finance ISA to shelter your bond interest from tax. For additional convenience, your investments are held through a Nominee to remove the burden of administering your investments.

Bonds

Interest of up to 9% per annum secured on realisable assets. Short term, with maturity of less than 2 years.

Tax free returns with our Crowd for Angels IF-ISA wrapper.

Take advantage of our marketplace.

Shares

Invest from as little as £25 in great companies and watch them grow.

Take advantage of up to 50% tax relief possible through SEIS and 30% through EIS for tax efficient investment (tax law may change and depends on individual circumstances).

Digitalised Assets

These investments offer investors the opportunity of liquidity through early exit if the underlying assets are traded on an exchange.

Digitalised Assets can include the digitalisation of assets such as bonds, shares and other assets.

Capital at risk. Tax law subject to individual circumstances and tax law subject to change.
